

NPO Registration IT95/2011

Dear Rozanne

On behalf of the Chipembere Rhino Foundation we would like to extend our personal thanks to 'I Will Be Your Voice' for making a valuable donation of R76,000.00 towards the rhino cause. Our difficult journey is made that little bit easier by having supporters like you walking this long road with us.

The efforts needed to protect rhinos is a constant challenge for owners of these iconic animals, and currently we find that the majority of funds we receive are invested almost immediately into proactive equipment to assist rhino owners such as mobile camera traps, rhino leg collars - which are really useful to ground teams that can at least monitor vast areas more accurately, ground to air radios, bullet proof vests and uniforms to equip anti-poaching units across the country. We have even received a request recently for a long-range radio for foot patrols in remote areas of Botswana.

In addition to this, Chipembere is one of three partners in a collaborative task team that can be called upon to organise logistics and a team of veterinary experts to go to the aid of rhinos in distress wherever they may be and thus provide the best possible chance for survival. We recently completed our first rescue mission in an area adjacent to the Kruger Park where four rhinos had been shot in attempted poaching incident. Fortunately I can tell you that after we helped to finance two interventions all four rhinos survived their injuries.

It is wonderful to share this good news story with you amongst the many that are less optimistic and let's hope thanks to your help we can make more of these a reality.

We really appreciate your support, and please feel free to follow our Facebook page to keep up to date with our progress.

With warm wishes

Brent Cook – founder of Chipembere Rhino Foundation
