14 January 2014

I'll be your voice.

Dear Rozanne

SANWILD RHINO SANCTUARY DONATION

May we extend our sincere appreciation for your hard work that culminated in a most generous donation received from I'll be your Voice. I am told that the fundraiser was great fun and that everyone had a wonderful time. Although we are far away from you guys, it is so good to hear that so many people, including the kids and staff of the Panorama Primary School amongst others are standing up for their heritage and the protection of wild animals.

Our poor rhinos are really having a horrible time and ruthlessly slaughtered by criminals. Last year South Africa lost a total of 1004 animals and already our country are losing more animals than the number of rhino calves being born. This in reality means that rhinos are back on the road to extinction and this is your heritage being destroyed by ruthless people.

From our side we are not just fighting on the rhinos behalf, but on behalf of every person and particularly the children of this country. You all deserve to one day show one of the greatest and kind creatures God created to your own children. Rhinos deserve to live and kids are entitled to receive a better world from us adults.

We have decided to allocate the R12 000 toward to purchase of additional trail cameras that can reveal the presence of poachers during all hours of the night and day. These cameras are a wonderful and effective tool in our war on rhino and wild animal poachers.

Please accept a huge thank you for your love and donation. Well done!

Kind regards

LOUISE JOUBERT
